

# Jennifer McCollum

**Environmental Spatial Analysis student at the University of North Georgia**

## Current Project:

Georgia Forestry Commission Statewide Canopy Assessment. Phase 1: Assess 2009 statewide tree canopy and determine canopy changes from 2009 to 2015.

## Education:

*University of North Georgia*

- Currently enrolled as a B.S. undergraduate student in the Institutional & Spatial Analysis Program

*North Georgia Technical College*

- Associates Degree, Web Development, 2015 - 2017

## Summary:

I am interested in sustainability and the built environment. Creating a balance between built and natural systems in urban development to reduce carbon emissions and to maintain a healthy ecosystem using geospatial technology.
